SUPERIOR

ALUMINUM PRODUCTS

Superior Aluminum is the market leader in aluminum railing for multi-family residences by providing:

- Durable, sustainable, code-compliant systems
- Numerous customization options
- A seamless fit for both classic renovations and contemporary designs

THE SUPERIOR DIFFERENCE

Each Superior Aluminum railing section is fabricated in-house by detailed, hard-working craftsmen to exact jobsite specifications. This enables the industry's most streamlined installation process – simply place & anchor the railing with **no on-site assembly necessary!**

Testimonial: Simplified Project Coordination

Superior Aluminum Products places a focus on providing multiple, flexible options for railing applications. From stair rail to Juliets, surface mounts, side mounts, and more, we pride ourselves on being able to find the option that will work for your project.

"Brackett Builders, Inc. has worked with Superior Aluminum Products on a number of multi-family projects over the past 10 years. From initial budgeting through engineering, fabrication and installation Superior truly provides a first class experience. We can always count on Superior to work through the challenges of each project to provide a product we can all be proud of."

-Jason Hartke
COO, Brackett Builders

Series 9P Picket Railing

Pocket Posts

A wide array of customization options makes Superior's square post railing series adaptable to numerous multi-family applications.

- Built with high quality, durable aluminum extrusions and castings
- Six distinct finish options
- Screw covers and pocket posts remove exposed fasteners and bulky brackets for a streamlined appearance
- Several picket & style configurations adapt to all architectural tastes
- IBC code-compliant for all multi-family installations

Concealed Fasteners

Series 9C Cable Railing

By incorporating cutting-edge 316 Stainless Steel cables in place of pickets, Series 9C Cable Railing provides an unimpeded view of the horizon, while displaying an image of modern sophistication.

- Assembled with premium extrusions, cables, and components
- Allows for unobstructed views over water or scenic landscapes
- Internal fittings eliminate bulkiness
- IBC code-compliant for all multi-family installations

Series 9H Horizontal Railing

If you're looking to make your project attract eyes and maintain a sleek style, you cannot go wrong with Superior's 9H Horizontal Railing. Bringing a contemporary look to the safety and security you've come to trust, Superior's Horizontal Aluminum Railing is sure to set your project apart.

Now Offering Glass & Mesh Rail

**Series 9G Glass Railing &
Series 9M Mesh Railing**

Superior is excited to be expanding our line of preferred aluminum railing. The addition of Glass and Mesh Railing will extend our product line, providing modern, high-end, and durable options for all multi-family projects.

Series 5P Pipe Picket Railing

When seeking an alternative to traditional square post railing, Series 5P Pipe Picket railing is a popular option. In addition to the Series 5 components that are popular in rugged, high traffic applications, Series 5P Pipe Picket railing brings an industrial appearance to complement the building's architecture.

Series 5A Assist Railing

Code compliance can be easily achieved by pairing pipe handrail with guardrail on stairways and ramps. Superior's Series 5 hand rail works well with both Series 9 and Series 5 railing systems.

Series 7 Fence

Superior's Series 7 Aluminum Fence takes customization to the next level. We offer several styles for pickets, as well as custom gates, and series variations such as our 7V Privacy Fence. The most prevalent use of Series 7 fence is around pools at multi-family housing complexes.

Aluminum Columns

Superior is proud to offer a full line of columns that can be used on multi-family applications. Our aluminum columns are load-bearing with wrap-around functionality and a unique combination of traditional and modern styles.

*We also offer load-bearing fiberglass columns that add to the style and customization options.

Our patented locking mechanism

PVC Columns

PVC column wraps are a newer offering from Superior that bring an innovative addition to the Superior column line. Ask about our Snap-Tite® PVC column wraps for your vertical support post or horizontal beam coverings!

Interested in learning more about Superior Aluminum Products? We also offer a full line of **aluminum railing and fence**. Check out our product line to enhance your building project. We've been doing this since 1956!
