PIPE RAILING

Series 5H Pipe Railing

Series 5H Pipe Railing is a code-compliant guardrail solution that is ideal for athletic venues, water treatment plants, and everything in between. With concealed fasteners and maintenance-free aluminum, Series 5 stands out in the pipe railing market as a front runner for appearance and convenience. This series:

- Features non-welded fasteners
- Is available in 6 finish options
- Compliments any Superior railing series as handrail.

◀ Series 5A Assist Railing

Pipe handrail can be added to any series of our stair rail.

Series 5P Pipe Picket Railing

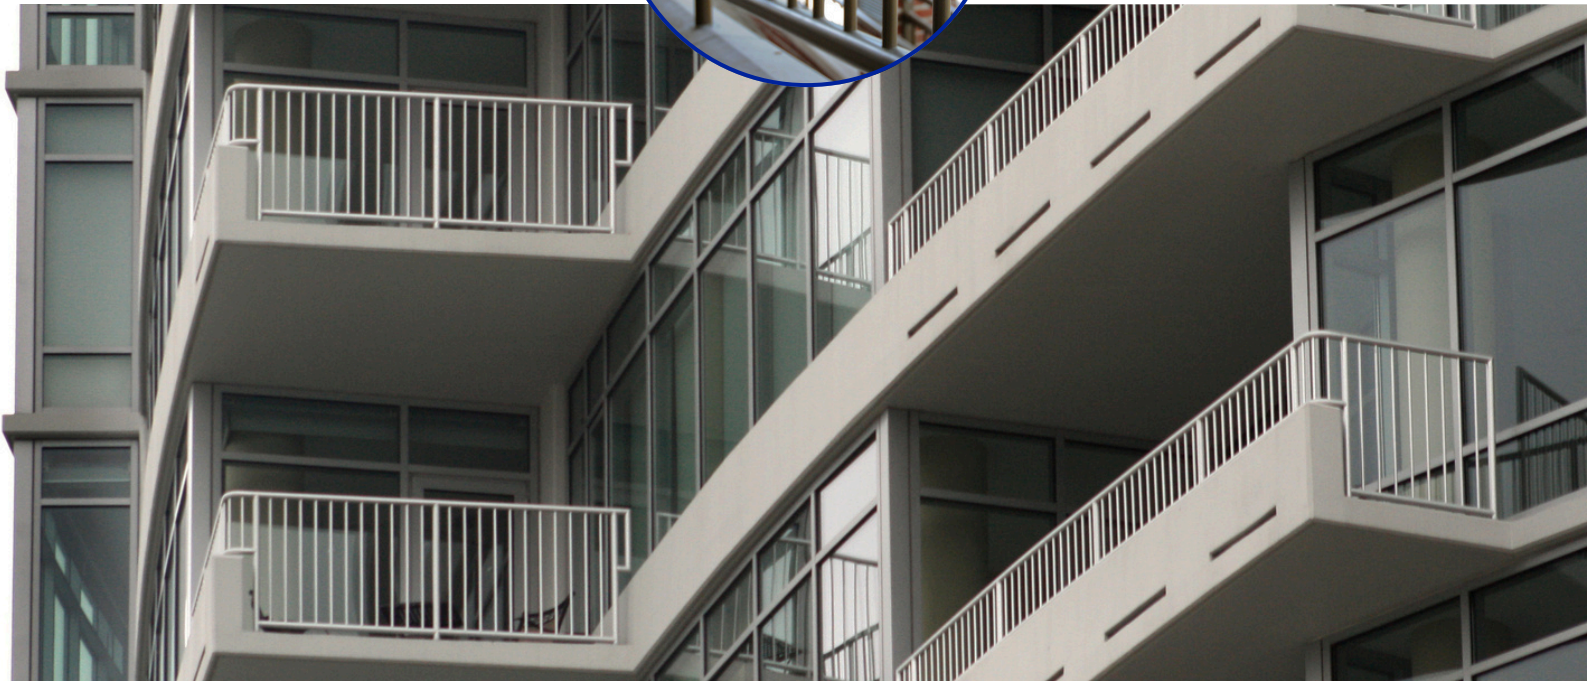

Pipe Picket railing from Superior Aluminum is the code-compliant solution when pipe rail is desired for balcony and other multi-story applications. Series 5P Pipe Picket railing is made of high-quality, maintenance-free aluminum extrusions that are easily assembled without welding. Fasteners are concealed to enhance the appearance of the railing and ensure stability.

Pipe Picket railing offers:

- An industrial look to compliment a specific architecture style
- Concealed fasteners
- Code-compliance
- Available in all 6 finish options.

Series 5P Pipe Picket Railing with 5A Assist Rail

Series 5C Pipe Cable Railing

Round pipe transforms cable railing into an unrivaled blend of modern and industrial style without sacrificing sightlines or safety.

- Update modern or industrial settings
- Superior cable systems do not use large visible turnbuckles
- Framework is built with schedule 40 pipe and reinforced posts
- Stainless steel cables resist environmental hazards
- Available in 6 finish options

Series 5C Pipe Cable Railing is available in level applications only.

Finish Options

WHITE

BLACK

DARK
BRONZE
