SERIES 6 ALUMINUM RAILING & COLUMNS FOR

# RESIDENTIAL USE

# SERIES 6E

## ECONOMY PICKET RAILING

Superior Series 6E Economy Picket Railing offers the most design features for the residential or low-rise, garden-type apartment market. High-quality aluminum extrusions and castings are used to provide maximum strength and support.

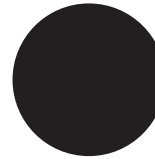

This series combines durability, versatility, and easy installation into one product! Make your railing your own by choosing from 3 finish options, customized picket patterns, adding from our selection of scrolls, and choosing between 32", 36", and 42" high. The colors below are available as PPG Duracon paint.

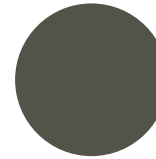

White

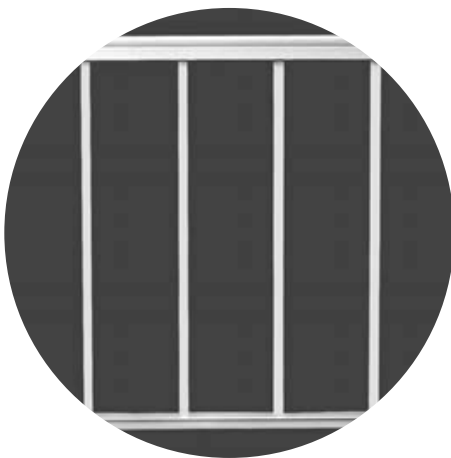

Black

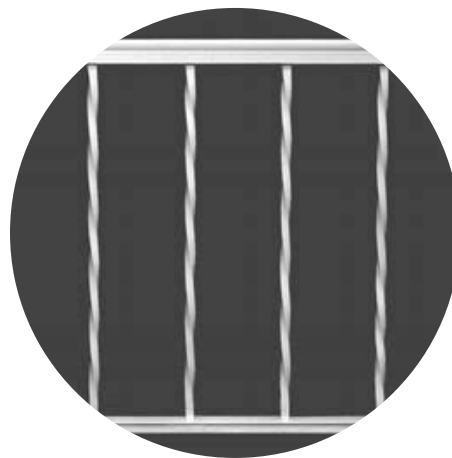

Dark Bronze

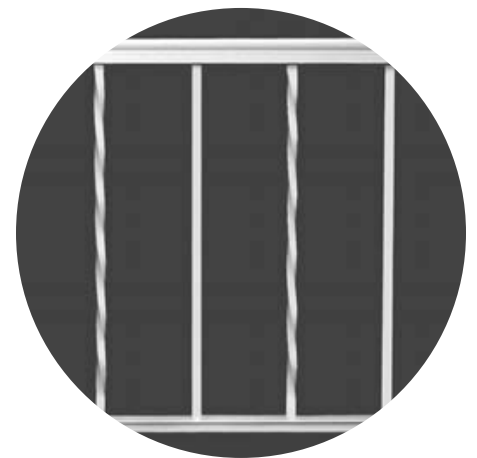

Straight Pattern

Twisted Pattern

Straight & Twisted Pattern

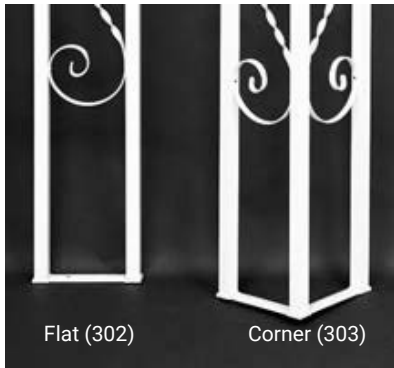

Select the railing design and picket pattern to suit your needs.

# SERIES 6D

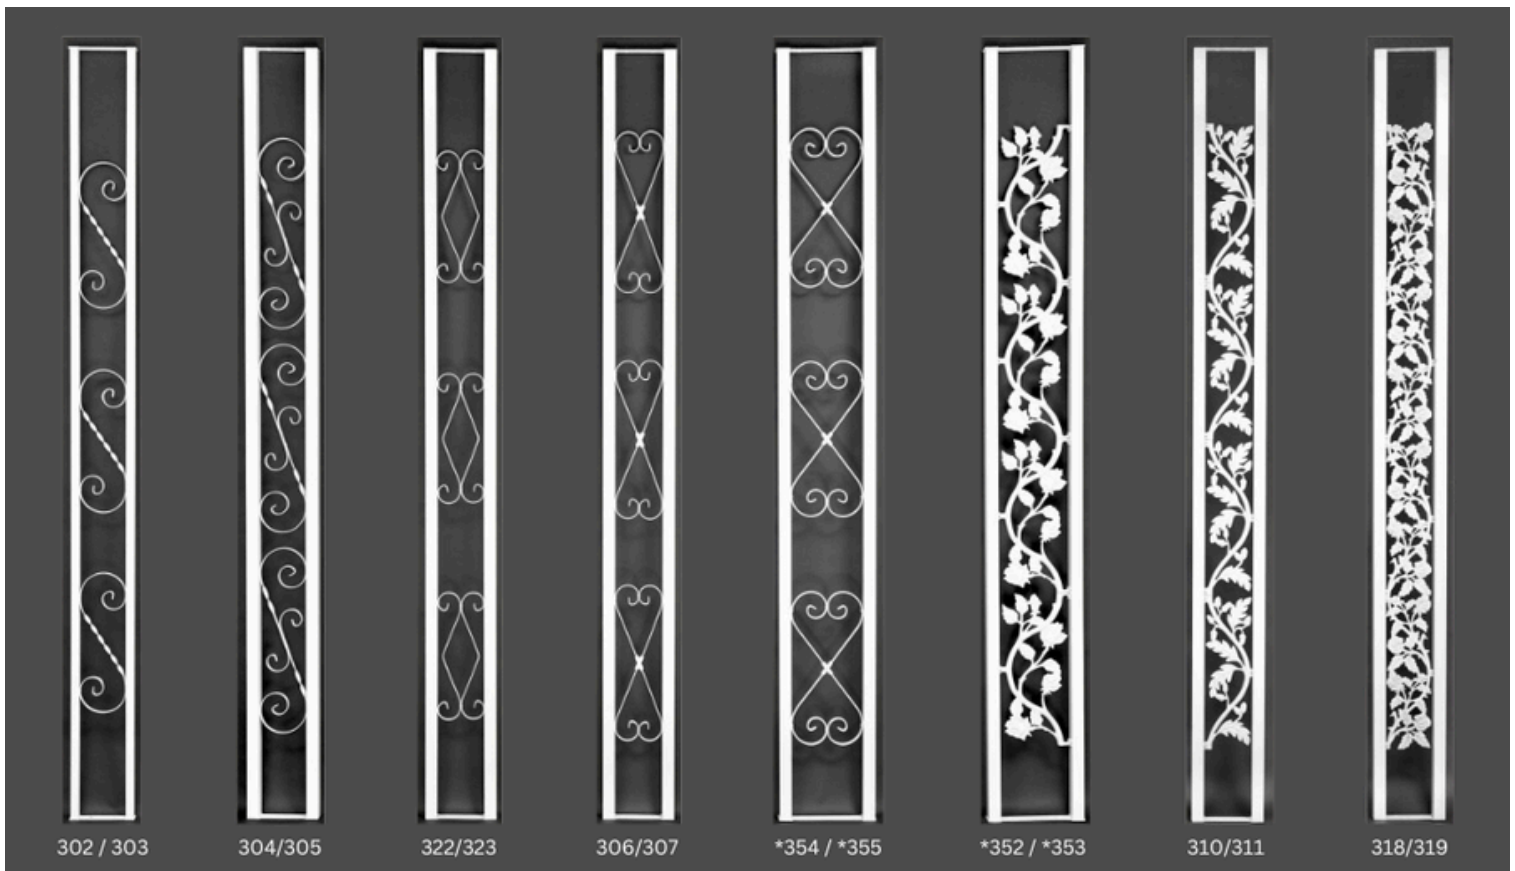

## DECORATIVE ORNAMENTAL COLUMNS

Superior Series 6D Decorative Columns are the perfect mix of customizable design and rugged strength.

Series 6D Decorative Columns are available in 1.5" square extruded tubing by 9" wide overall. The designs below with an asterisk are 12" wide. The load bearing capacity of Series 6D columns is 2,500 pounds for flat columns and 6,500 pounds for corner columns.

To order, use the numbers as described below. Even numbers are for flat columns and odd numbers are for corner columns. Standard columns are fabricated 8' high with top and bottom mounting brackets. Custom heights are available as required.

Interested in learning more about Superior Aluminum Products? We offer a full line of **aluminum railing, columns, and fence, as well as PVC and fiberglass columns.** Check out our product line to enhance your building project. We've been doing this since 1956!
